

Flute 2:

From starring in hit singles such as ‘California Dreaming’ in 1966 to new born legend Lizzo flaunting her flute skills in 2020, this instrument is unique and full of possibilities! While including crystal clear trills and endearing top lines, this product introduces the flute as a rhythmic and harmonic percussion element that can easily compete with any other wind instrument. Flute 2 focuses more on the slow speeds and mellow tones. Explore the world of Flute 2 and add a fresh organic flavour to your mix.

Flute 2 – another exciting release from the Image Sounds’ Artist Series focuses exclusively on the recording of live instruments and vocals, all recorded by professional musicians. Every recording is produced with high-quality recording equipment to capture the natural sound of the instrument.

Flute 2 is an extraordinary collection of flute loops for all your pop, funk, score chill out, lounge, hip hop, jazz or rock production needs. You’ll notice not only the textbook quality but also the variety and precision of the editing we are eager to produce.

The product is 328 MB in size all in all. The tempos range between 67 BPM – 97 BPM. The library contains 21 folder and offers a total of 512 flute loops in many different musical styles.

With each flute folder you will get a huge selection of different loops, all of which work well together or can be used individually. All loops of a folder are based on the same harmony pattern and can easily be combined. Thus you can select flute loops for a complete song or just use a sample for your song – all within seconds. These loops are easy and intuitive to work with, enabling a fast workflow, which, of course, is essential in music production.

Each and every loop contains tempo and key information. They are pre-mixed and ready to use, with perfect EQ and light compression. They have been carefully and professionally recorded by proven experts, using top quality studio equipment, with sound optimized and recorded in 24Bit and 44.1 KHz.

Important: Please note that except the flute all instruments are for demonstration purposes only and not part of the library.
