# Berlin Brass

 Muse Sounds Edition

---

The **Berlin Brass - Muse Sounds Edition** is crafted exclusively for the Muse Sounds engine: derived from the Orchestral Tools flagship library "Berlin Brass" and carefully optimised for playback from notation.

This edition features a single mixed microphone position, capturing the ambience and reverberation of the beautiful Teldex Scoring Stage in Berlin. Berlin Brass combines both numerous solo brass with ensemble brass. At every dynamic, Berlin Brass delivers a balanced, rounded sound that will integrate seamlessly into your orchestral scores.

## Instruments Included

Bass Trombone

Horn 1

Horn 2

Horn 3

Horn 4

Horn Ensemble

Trombone 1

Trombone 2

Trombone Ensemble

Trumpet 1

Trumpet 2

Trumpet 3

Trumpet Ensemble

Tuba

## Key Articulations

Advanced Legato with slur and retonguing: Ensures smooth, connected notes during regular playing.

Fast Runs Mode: Triggered for notes played in quick succession.

Staccatos and Staccatissimo

# Berlin Brass

 Muse Sounds Edition

---

Sustain with selectable vibrato or non-vibrato

Accent

Marcato

Trills: Minor and major 2nd.

**Special** (instrument specific)

Zampano trumpet

Glissando

Bells up

## Accessing Playing Techniques in MuseScore

Many of the playing techniques in MuseScore Studio are accessible through the **Staff Text** feature. To apply a playing technique, first select the starting note for the technique, then assign Staff Text to it. Next, click on the speaker icon above the staff of the assigned note to open the Playing Techniques menu. From there, you can select the desired playing technique. If there are more than eight techniques available, you may need to scroll to see all options.

## Playback Details

The brass sustains are sampled with multiple dynamics, from pp to ff, and smoothly morph between them to produce realistic crescendos and decrescendos. For short notes, there are up to nine repetition samples, enhancing realism during repeated notes.

Tip: Using Berlin Brass with the other Berlin Series instruments will give a natural balance across all instruments.

## About Muse Sounds Editions

Muse Sounds Editions are exclusively created editions of sample libraries, designed to work with the Muse Sounds Engine, found inside MuseScore Studio and StaffPad.

These editions are derived from the same content, but are not compatible with Kontakt or VST versions of the same library.

The Muse Sounds concept is to distill the technical and sonic achievements of complex, vast sample libraries, which were often created to be triggered via complex MIDI programming, into a simple, musical and intuitive experience for composers who work with notation.

The Muse Sounds team is proud to work with prestigious sample developers, and to bring these beautiful sounding creations to life for the notated page.

Thank you for supporting Muse Sounds!
