

Berlin Pianos

 Muse Sounds Edition

Berlin Pianos

 Muse Sounds Edition

The **Berlin Pianos - Muse Sounds Edition** is crafted exclusively for the Muse Sounds engine: derived from the Orchestral Tools library "The Orchestral Grands" and carefully optimised for playback from notation.

Berlin Pianos contains three pianos, two Steinway pianos and one intimate grand, all recorded at the prestigious Teldex Scoring Stage in Berlin. Authentic pedal noises and piano sustain samples add to the realism of these orchestral grand pianos.

Instruments Included

Intimate Grand
Steinway B
Steinway D

Articulations

Pedal up and pedal down samples (4 round robins)
Staccatos (4 round robins)
Release samples
Pedal noises

Playback Details

The pianos are sampled with multiple velocity layers, from pp to ff with 4 repetition samples per velocity, enhancing realism of repeated notes.

Using Berlin Pianos with the other Berlin Series instruments will give a natural balance across all instruments.

 Tip: Remember to use pedal markings in your score to create an authentic piano score when sustains are needed. Crescendos and decrescendos also work very well on these well-sampled pianos.

About Muse Sounds Editions

Muse Sounds Editions are exclusively created editions of sample libraries, designed to work with the Muse Sounds Engine, found inside MuseScore Studio and StaffPad.

These editions are derived from the same content, but are not compatible with Kontakt or VST versions of the same library.

The Muse Sounds concept is to distill the technical and sonic achievements of complex, vast sample libraries, which were often created to be triggered via complex MIDI programming, into a simple, musical and intuitive experience for composers who work with notation.

The Muse Sounds team is proud to work with prestigious sample developers, and to bring these beautiful sounding creations to life for the notated page.

Thank you for supporting Muse Sounds!
