

Muse Harp

 Muse Sounds Edition

The **Muse Harp** library is crafted exclusively for the Muse Sounds engine by the Muse Sounds team and carefully optimised for playback from notation.

By creating our Muse Libraries in-house, the Muse Sounds team has managed to keep tight controls over how the instruments are sampled with the exact design purpose of superior playability from notation.

Instrument Included

Harp

Key Articulations

Bisbigliando

Harmonics

PDLT - pres de la table

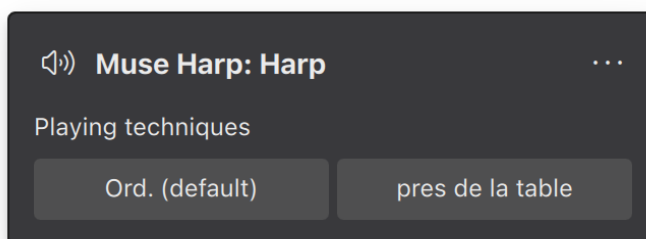

Staccato

Sustain

Accessing Playing Techniques in MuseScore

Pres de la table is accessible through the Staff Text feature. To apply a playing technique, first select the starting note for the technique, then assign Staff Text to it. Next, click on the speaker

icon above the staff of the assigned note to open the Playing Techniques menu. From there, you can select the desired playing technique.

Bisbigliando is available by assigning unmeasured tremolo to a note.

Playback Details

The sustains are sampled in up to four dynamics, from pp to ff, and smoothly morph between them to produce realistic crescendos and decrescendos. For short notes, there are up to four repetition samples, enhancing realism during repeated notes.

About Muse Sounds

Muse Sounds is a new label of high quality playback instruments for MuseScore Studio and StaffPad.

Painstakingly recorded and edited specifically for the custom and revolutionary playback engine that powers these applications, they are capable of rendering incredibly lifelike results which breathe realism and emotion into your compositions.

The first releases from Muse Sounds cover the symphony orchestra, choral voices and essential guitars. These beautifully crafted instrument packs are available exclusively in Muse Hub, many of which are free.

Thank you for supporting Muse Sounds!
