

Muse Keys

 Muse Sounds Edition

The **Muse Keys** library is crafted exclusively for the Muse Sounds engine by the Muse Sounds team and carefully optimised for playback from notation.

By creating our Muse Libraries in-house, the Muse Sounds team has managed to keep tight controls over how the instruments are sampled with the exact design purpose of superior playability from notation.

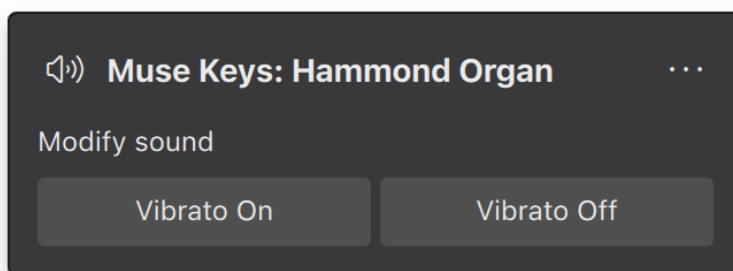

Instrument Included

Celesta
Dream Piano
Hammond Organ
Harpsichord
Piano
Soft Piano
Suitcase Piano
Upright Piano
Wurly 200A

Accessing Playing Techniques in MuseScore

Many of the playing techniques in MuseScore Studio are accessible through the **Staff Text** feature. To apply a playing technique, first select the starting note, then assign Staff Text to it. Clicking on the speaker icon above the staff will open the Playing Techniques menu. From there, you can select the desired playing technique. If there are more than eight techniques available, you may need to scroll to see all options.

The Hammond Organ Vibrato on and off is accessible with Staff Text.

Playback Details

The sustains are sampled in up to seven dynamics, from pp to ff, and smoothly morph between them.

About Muse Sounds

Muse Sounds is a new label of high quality playback instruments for MuseScore Studio and StaffPad.

Painstakingly recorded and edited specifically for the custom and revolutionary playback engine that powers these applications, they are capable of rendering incredibly lifelike results which breathe realism and emotion into your compositions.

The first releases from Muse Sounds cover the symphony orchestra, choral voices and essential guitars. These beautifully crafted instrument packs are available exclusively in Muse Hub, many of which are free.

Thank you for supporting Muse Sounds!
