 Muse Sounds Edition

---

The **Berlin Woodwinds - Muse Sounds Edition** is crafted exclusively for the Muse Sounds engine: derived from the Orchestral Tools flagship library "Berlin Woodwinds" and carefully optimised for playback from notation.

As part of the acclaimed Berlin Series, Berlin Woodwinds sets a new standard for detailed and lifelike woodwind performances. With 15 individual instruments, you can create expressive solo lines, custom ensembles, and intricate voicings. Each instrument features a wide range of articulations for maximum depth. Recorded on the renowned Teldex Scoring Stage, Berlin Woodwinds delivers a natural, rounded sound that blends seamlessly with other Berlin Series collections.

## Instruments Included

Alto Flute	English Horn
Bass Clarinet	Flute 1
Bassoon 1	Flute 2
Bassoon 2	Flute 3
Clarinet 1	Oboe 1
Clarinet 2	Oboe 2
Contrabassoon	Piccolo
Eb Clarinet	

## Key Articulations

Advanced Legato: Ensures smooth, connected notes during regular playing.

Fast Runs Mode: Triggered for notes played in quick succession.

Sustains: vibrato and non-vibrato

Staccato and Staccatissimo

Accent

Marcato

Portato (slurred staccato)

Trills: up to a perfect 5th

## Accessing Playing Techniques in MuseScore

Many of the playing techniques in MuseScore Studio are accessible through the **Staff Text** feature. To apply a playing technique, first select the starting note for the technique, then assign Staff Text to it. Next, click on the speaker icon above the staff of the assigned note to open the Playing Techniques menu. From there, you can select the desired playing technique. If there are more than eight techniques available, you may need to scroll to see all options.

## Playback Details

The sustains are sampled in up to four dynamics, from pp to ff, and smoothly morph between them to produce realistic crescendos and decrescendos. For short notes, there are up to seven repetition samples, enhancing realism during repeated notes.

 Tip: For faster writing, consider using shorter, more defined samples, such as marcatos or staccatos. By writing "marcato" in the text, all notes until the next text instruction will play back using this articulation. You can optionally hide this text if you don't want it visible in the printed score. If you need additional speed or dexterity, give this a try!

## About Muse Sounds Editions

Muse Sounds Editions are exclusively created editions of sample libraries, designed to work with the Muse Sounds Engine, found inside MuseScore Studio and StaffPad.

These editions are derived from the same content, but are not compatible with Kontakt or VST versions of the same library.

# Berlin Woodwinds

 Muse Sounds Edition

---

The Muse Sounds concept is to distill the technical and sonic achievements of complex, vast sample libraries, which were often created to be triggered via complex MIDI programming, into a simple, musical and intuitive experience for composers who work with notation.

The Muse Sounds team is proud to work with prestigious sample developers, and to bring these beautiful sounding creations to life for the notated page.

Thank you for supporting Muse Sounds!
